ALEXIS MASSART

Director of ESPOL, Associate professor in political science

Directeur d'ESPOL et Maître de conférences en science politique

Exceptional results were achieved by students who graduated this year. This is a standard that we will maintain in the future. We are very proud of our graduates, whether they have chosen to go on to study at the best Universities in Europe or to join the job market.

Students at ESPOL have benefited from a strong international environment, in which 30% of the student body is composed of international students. This has exposed our students to the wider dimensions of the economic and political sciences and provided them with the skills to develop their talents in the contemporary global job market. Our Master's Program in Global and European Politics welcomed students with different backgrounds and from all over the world. Prospective students will appreciate that the student experience at ESPOL strengthens the intellectual background and opens doors for accessing emergent opportunities in this fast-moving world.

You are our best ambassadors for the years to come and we look forward to working with you to build a global, dynamic network of ESPOL ALUMNI.

Selon moi, on ne comprend ce qu'ESPOL nous a apporté que lorsqu'on quitte cette école et qu'on se retrouve dans un autre environnement. En débutant mon master, j'ai tout de suite vu à quel point ESPOL m'avait formé à être rigoureuse, organisée et efficace dans mon travail. De plus, ESPOL a un apport beaucoup plus riche en connaissances - qu'elles soient théoriques sur la science politique mais surtout au sujet de l'Union européenne - que d'autres licences. Elle vous procure déjà une spécialisation qui vous aide à vous orienter, et à ne pas vous retrouver avec un diplôme trop généraliste. Étant dans un master de gouvernance européenne, nous (anciens espoliens) étions les seuls à avoir déjà des bases solides sur l'UE et je pense que cela reflète bien la qualité de l'enseignement qui nous a été délivré.

Tülin Keyik,
diplômée de la promotion Simone Veil

Au-delà de l'aspect culture générale que j'ai pu développer à ESPOL, je pense que ce qui a fait la plus grosse différence dans mon cas ce sont les langues. Lorsque j'ai passé les entretiens pour mon poste aux Etats-Unis et que j'ai annoncé que je parlais 4 langues ça impressionne et je pense que ça a pesé dans la balance au moment où les recruteurs ont fait le choix final.
